

Instructions for completing the Excel Spreadsheet 2018 MD FFA State Convention

1. Download and open the excel sheet, click on enable editing, and save it under (your chapter name). That way when you send it, we will know who it's from.
2. Be sure to be on the correct worksheet marked "Registration" Tab at the bottom.
3. At the top left, you will see "Select A Chapter" Click in the box below, and a small arrow will appear to the right of the large box, click on the arrow and select your chapter name.
4. Click in the box to the right of the words, "Hall of Chapters", using the arrow to the right, select the option that best fits your needs.
5. Now to register your chapter, understand that each participant at the State Convention must be identified as a delegate, student, advisor, or chaperone. Only the two chapter delegates can be added in the first two blue rows. That will automatically give you the \$20 credit/delegate on your invoice. If you only have one delegate, then skip the other blue row.
6. Follow across each student's name, left to right by pulling down the menu to make the correct selection from each column.
